

### **Remote Office Installation Setup**

Have you always wanted to work from home? Now you can! This remote installation service will enable you to securely access your at-work pc from home, or anywhere in the world!

\$149.99- Geek Squad doesn't offer this!

### **Networking Installation**

Securely share the internet, printers, and files from anywhere in your office or home. Fast and easy multi-tasking with safe and secure wireless network installation. Each additional device (beyond the two included in the package) set up will cost \$10 extra. Up to two PCs. Hardware not included.

\$89.99- compare to geek squad's \$199 and \$49 per additional device

### **Network Troubleshooting & Repair**

Diagnose and fix problems with your shared internet, printers, and files in your office or home. Some common problems involve network printers that show "Offline" status messages or just won't print, unable to connect to a wireless network, or router misconfiguration.

\$49.99- compare to geek squad's \$159.99

### **Security & Performance (Software Installs, Optimization)**

Maximize your computer's performance with more than 100 enhancements. We'll personalize it to your needs and remove all unnecessary clutter. Installation of security and privacy software to ward off viruses and spyware. Software included. All critical updates installed.

\$149.99- compare to geek squad's \$229

**Advanced Diagnostic With Repair (diagnostic, cleaning, virus/spyware removal, os repair, optimization, software updates)**

Extensive diagnosis to discover the cause of crashes, lockups, unusual slowness or internet problems. Includes software repair, viruses and spyware removal. Optimize to enjoy faster computer speed and better performance.

\$174.99- compare to geek squad's \$249

**Advanced Diagnostic, Repair & Prevention (diagnostic, cleaning, virus/spyware removal, os repair, software updates, software installs, optimization)**

All the advantages of Advanced Diagnostic & Repair PLUS installation of security and privacy software to keep your computer protected. Security software included.

\$249.99- compare to geek squad's \$349

**Hardware Install/Upgrade**

Speed up your computer by upgrading the hard drive size and speed, memory, or video card. Pricing is on a per-computer basis, but a typical price is shown.

\$39.99 to install hardware, or \$229.99 (we provide the hardware).

**Computer Optimization**

Your computer, just like your car, is a finely tuned machine that needs regular maintenance to keep it running and in good working order. This service includes over 100 system tweaks that will shorten your computer's boot time, deleting unwanted files and unnecessary background processes. It will bring your system up to speed with the most recent updates to guard against security threats, and if needed, defrag your hard drive.

\$74.99- compare to geek squad's \$129

**PC Setup & Customization**

When purchasing a new PC, you can have it personalized to your precise computing needs! There are over 100 system adjustments to make your PC a lean, mean, smooth-running machine right from the get go.

\$89.99- compare to geek squad's \$129

## **PC Recovery Kit**

Arm yourself with over 100 PC hardware diagnosis tools in one bootable CD to analyze and repair hard drives and boot problems! "My computer can't even start up" you say, but don't worry-just insert this CD and start up the computer to run a version of windows from the CD! You can even retrieve files to a USB flash drive from your crashed computer and reinstall windows with no worries that you might lose all of your photos, music, and important papers.

\$249.99- geek squad doesn't even OFFER this

## **Clean and Remove (Hard Drive Erasure)**

Resell or donate your computer with confidence after we remove all your confidential files and information from the hard drive. Don't give away your confidential information. With Darik's Boot and Nuke, you can be sure that all of your personal information is destroyed. Darik's Boot and Nuke prevents or thoroughly hinders all known techniques of hard disk forensic analysis.

\$29.99- Compare to geek squad's \$59
