

Donation and Offering Form

For Australia and International Donations

Dear friend,
Kidsreach in 2008 is directly involved in missions projects in 4 countries that we have chosen because of the needs of children there and because we know the people working there are trustworthy and will build on the training and resources we will be providing.

Each of the projects (as outlined in the brochure) are an important mission to equip workers to help children who are suffering.

The funds that are donated will be used for the aid and development work of Kidsreach and are **tax deductible**

We know everyone has different capacities to give. Some will be able to give a few dollars, others may sponsor a whole project. All are appreciated.

You can donate in various ways, so please use the method that best suits you. Some prefer to give anonymously, but if you give us your details, we will send you a report at the end of the project and a receipt.

Thank you for your concern.

Regards
David Goodwin
