We trialed a new way to deliver times and points to you , and it worked. If you missed out, here is how it works:  
The day of the club show, there will be a link at the top of the DRC webpage, usually titled "Club Show Live Results".  
Click on the link and you will get up to date results for the show. The information is sent to the internet every second. The only limiter is how fast you or your device can refresh.  
The results are unofficial. We also stream the Friday Night Jackpot results (link is also available on DRC website after draw is posted). A big thanks to S.R.T.C. Productions for helping to bring us into the information age.

Thanks for an excellent Club Show to start off the year! There are so many new faces! Remember to check out the new rule changes.

Remember: Follow us on Facebook, stay up to date with the website and the DRC calendar.
