

EXT. - BASE- DAY

We see the original team of Lester, Pelion, Elliot, and Lee. All of them are standing in front of a wall. There is a firing squad in front of them. Someone is reading them something off camera. The weather is not good at all. There is a lot of lightning and thunder.

READER

(Off camera)

You, the accused, are hereby sentenced to death by firing squad for being devils. You will be executed by said firing squad.

(Lightning flash)

You will be executed to save the planet according to the will of the gods as written in the book of...

Cut to Lester talking to Elliot.

LESTER

What a bunch of bull crap.

ELLIOT

I know, but we are still going to die.

LESTER

Maybe not.

(Leaning over to talk
to Pelion.)

Kid, do you think that you could stop the bullets?

PELION

I could, but that would make them think we really were devils.

LESTER

I don't care. We will be dead the other way. Once you stop the bullets, I will untie you, and then you untie Lee, and I will help Elliot.

PELION

How do you expect to untie
yourself?

LESTER

Kid, I have already done it.

PELION

Okay.

READER

(Off camera)

Firing squad, prepare to fire.
Ready, Aim, FIRE!

We hear guns going off. Then the bullets are stopped by Pelion. We see them hanging in mid air. Lester runs over to Pelion and quickly unties him. The camera then follows Lester running over to Elliot, and untying her. Then the camera does a pan of the faces of the shocked soldiers.

LESTER

Run.

ELLIOT

Right.

We follow Lester and Elliot as they run behind the wall.

ELLIOT

Brilliant, Lester.

LESTER

It is just my usual above average
performance.

ELLIOT

Right, where to now genius.

LESTER

The base armory to get weapons.

ELLIOT

Right and where is that?

LESTER

This way.

(Pointing)
I passed it on my way to the
General's office. I have a very
keen memory for these things.

ELLIOT
I am sure you do.

LESTER
What is that?

(Pointing to the Sky)
ELLIOT
I have no clue.

Camera pans up to show a shot of a helicopter-like object
descending.

FADE OUT.
