*"Aliyah is very true and right on in her gift to see truths and describe people and things that happened. It was a very strengthening and loving meeting for me". - Christina Divén*

*"My family and I did not even need to ask questions, Aliyah told about our lives and destinies, our innermost thoughts. It was difficult to keep our tears back. With this new perspective, we could solve our problems much easier. It became easy to forgive and start LIVING". - A.S. Nilsson*

*"Everything Aliyah told about me was true and what was said was exactly what I needed to hear for my illusions and fears to dissolve and my dream of freedom and union with the Light to become real. Her innocent humility and sincerity still moves me to tears." - Kristin R.*

There are reasons and therefore also solutions to our problems. Aliyah is sharing how you can get harmony and flow in your life. People can ask general or personal questions too. She often gives detailed and concrete answers. She can help you to see what's hindering you to get what you want: job, health, partner, inner peace & growth, union with the divine etc.

Aliyah says that her gift and state is something we all carry within ourselves, it is a natural part of our higher Self. The course is meant to help you to increase your connection with your higher Self and to teach you to live with inner peace and satisfaction in your daily life.

Freddy Nielsen will also conduct parts of the course, to help people to get deep peace, better relationships, healing etc. Freddy has conducted courses for hundreds of thousands of people for more than 13 years, all over the world.

Aliyah's readings are very popular and begin November 27th. It's possible for all to book her individual readings, but participants in her course are selected in the first place.
