The breeder guarantees this puppy is a purebred Dachshund with AKC registration. The Breeder guarantees this dog to be in good health at the time of purchase. The breeder also guarantees the puppy's age.

This guarantee is not a long term/genetic guarantee. This guarantee is good against life threatening diseases, not parasites, coccidia, and or giardia due to that these are very easy and common to get in any public area. (Note: can even be found in your own back yard)

The breeder does not guarantee the puppy that develops hypoglycemia or diarrhea due to stress of improper diet after the sale. The breeder will only refund the deposit amount

If the puppy is injured or dies in the care of the seller. The deposit will not be refunded if the buyer changes his/her mind for any reason.

It is recommended that the buyer have the dog/puppy examined within 48 hours of purchase. If the puppy is not examined by a veterinarian within 48 hours after taking possession of the puppy/dog, this guarantee is VOID. The only exception is for weekends and holidays when the vet is closed, but the puppy must be taken the next business working day. The buyer is responsible for all vet bills and other expenses while the pup is in their possession.

The buyer may return said dog/puppy **\*\*at the buyer's expense\*\*** to the breeder within 72 hours with a written veterinarian explanation of defect. The puppy/dog must be returned in the same condition it was in at the time of purchase. If the puppy/dog dies within 48 hours after purchase, the buyer must have an autopsy performed to prove cause of death was due to an illness contracted while in the breeder's possession.

It is the breeder's choice to refund the purchase price less \$100.00 non-refundable deposit, or replace the puppy with a comparable puppy as one becomes available. Under NO circumstances will the vet fees be refunded. The breeder makes no guarantee as to adult size, color, conformation or breeding ability of the puppy/dog. Any information given to you in these regards is simply the breeder's educated guess and or opinion.

The buyer agrees to pay in full for the puppy/dog before picking up. The buyer promises to maintain the dog at all times in good health with recommended vaccinations, heartworm preventative, and periodic veterinarian checkups.
