

Attention Middletown Residents

Sit back . . . relax . . . do nothing . . .

And beginning in 2014, you'll be slapped with a 1% earned income tax!

Only 30 days ago these two were elected as MT Supervisors bragging that they have never raised taxes

Now the election is over and Middletown Supervisors want YOU – the working class residents – to pay for a new 1% earned income tax

Can you afford to part with 1% of your gross income?

Are you convinced our Supervisors have done everything possible to limit unnecessary spending?

If the answer to both questions is a resounding “NO,” then join us to make our voices heard
