## Transition Year Management 2006/2007

## Advantages Of the Transition Year

- That students are given space and opportunity to mature as young people growing up.
- That students develop greater self-confidence.
- That students become better equipped to make decisions.
- That students become more skilled at getting on with other people, particularly their fellow students and those in authority.
- That students develop clearer goals and aspirations for their lives.
- That students are better prepared for personal and leisure and working life.
- That students develop a greater sense of responsibility for themselves in preparation for the wider world.
- That a solid foundation for the Leaving Certificate Programme is built.
- There is continuous assessment of students throughout the year.
