EMERGENCY PROCEDURES

True/False

1. In case of an emergency, knowing what, when and how to do something is not important to the driver.
   TRUE          FALSE

2. When an emergency does happen, every passenger looks to the driver for direction.
   TRUE          FALSE

3. A concerned driver should always know and train students who can help in case of emergency, when necessary.
   TRUE          FALSE

4. Every school bus in California is required to carry a fire extinguisher, first-aid kit, and three red warning reflectors.
   TRUE          FALSE

5. All school buses are required to carry at least two fire extinguishers, each with a rating of 8 B.C.
   TRUE          FALSE

6. The fire extinguishers are required, by regulation, to be securely mounted in all school buses.
   TRUE          FALSE

7. Any person can service or inspect fire extinguishers on school buses in California.
   TRUE          FALSE

8. A bus designated as a "wheelchair bus" must have one 8 BC fire extinguisher.
   TRUE          FALSE

9. Three elements must be present for a fire to start.
   TRUE          FALSE

10. There are four general classifications of fires.
    TRUE          FALSE

11. The most commonly used fire extinguisher on school buses is the dry powder type.
    TRUE          FALSE

12. In the event of fire with pupils on board, get the fire extinguisher first and try to control the fire.
    TRUE          FALSE

13. The main reason for placing reflectors is to warn other motorists and divert traffic around your bus.
    TRUE          FALSE

14. If you have a breakdown near the crest of a hill or a curve, all of the reflectors are placed to the rear of the bus.
    TRUE          FALSE
15. It is permissible to use the 4-way flashers until the reflectors have been set out, and then they can be turned off.

TRUE    FALSE

16. If your bus is disabled on a divided highway, all of the reflectors are placed to the rear of the bus.

TRUE    FALSE

17. Fusees (road flares) can be carried on a school bus for emergency if they are stored properly.

TRUE    FALSE

18. Fusees are very effective when used properly at night and during adverse weather conditions.

TRUE    FALSE

19. If fusees are used, you must also use the three red reflectors.

TRUE    FALSE

20. The greatest danger from the use of fusees is the threat of fire.

TRUE    FALSE

21. In the event of a breakdown, the driver should go to the nearest telephone and call for help.

TRUE    FALSE

22. In most cases, the driver should keep the students on the bus.

TRUE    FALSE

23. In the case of an accident the driver's first responsibility is to remain calm and take care of the students.

TRUE    FALSE

24. The driver should notify, or cause to be notified, the California Highway Patrol, the school district, and the employer in case of an accident.

TRUE    FALSE

25. It is not necessary for the driver to have a list of all pupil passengers, in case of an accident.

TRUE    FALSE

26. Crowd control can be a very serious problem at many accident scenes.

TRUE    FALSE

27. Do not release any students unless told to do so by school officials.

TRUE    FALSE

28. District policies must be followed in any emergency situation.

TRUE    FALSE
29. Children riding buses from home to school must be given instruction during the school year on safe riding practices and bus evacuation.

TRUE     FALSE

30. The driver should be involved in all evacuation drills conducted with the students.

TRUE     FALSE

31. The driver and assistants should know where the emergency equipment is located and how all the emergency exits operate.

TRUE     FALSE

32. Never use emergency windows during a practice drill, but be sure to explain and show the students how they work.

TRUE     FALSE

33. Any emergency evacuation drills should be conducted in a safe location.

TRUE     FALSE

34. The driver must know what the contents of the first-aid kit are.

TRUE     FALSE

35. First-aid kits need not be inspected after the first day of school.

TRUE     FALSE

36. First-aid kits should be easily accessible, and, if not in plain sight, a decal must be used to give the location of the kit.

TRUE     FALSE

37. As a professional school bus driver, when giving first aid, you must use reasonable care and use standard first-aid methods that you have been taught.

TRUE     FALSE

38. In the event of a highjacking, the first few minutes are the most critical.

TRUE     FALSE

39. Try to remain calm as this may have a calming effect on the highjacker.

TRUE     FALSE

40. If you have special education children aboard, try to explain their problems to the highjacker.

TRUE     FALSE
