

CORE CONCEPT TEN

THE THING ITSELF
The Universal

THE WAY IT WORKS
The Human

The mystic concept of the Cosmic Christ is not that of a person, but of a Principle, a Universal Presence...the Universal Image of God present in all creation...the "pattern that connects."

In the unique personality of Jesus, the Cosmic Christ was possibly more fully displayed than in any other person of whose life we have record.

But Holmes tells us that Christ is not limited to any person, nor does It appear in anyone age. It is as eternal as the Source Itself. It is Spirit's idea of Itself, Its own Self-Knowingness.

The Christ Consciousness is truly the "pattern that connects," the seamless garment that enfolds all life as One.

Each human partakes of the Christ nature to the degree that the Cosmic Christ is recognized and revealed through him or her. To that degree, he or she becomes the Christ.

Holmes says, "The mystic Christ comes from...the unseen Father, proclaiming the Love of God through his own love of humanity...As the Christ awakens, the divine spark—shot from the central fires of the Universal Flame—is able to warm other souls by the radiance of its self-unfoldment."

If I realize within myself the Divine Presence, the Perfect Person, the Image of God, then at the point of that realization I am revealing the Cosmic Christ, Truth, the undying Reality, the "pattern that connects" all life, eternally.
