

1           A     (Witness nods head affirmatively.)

2           Q     Is that yes?

3           A     Yes, sir.

4           Q     All right. Do you have a specific memory

5           about that first occasion that he held hands

6           with you on that trip to ██████████ when you were

7           still in high school?

8           A     Yes, sir.

9           Q     Tell me what happened on the plane.

10          A     He just grabbed my hand and put a coat or

11          blanket or something over it.

12          Q     Was there a coat or blanket over the

13          hands together?

14          A     Uh-huh.

15          Q     Is that what you're saying?

16          A     Yes, sir.

17          Q     Who put the coat over your hands that

18          were together?

19          A     He did, Father Mickey.

20          Q     Did that appear to you that he was trying

21          to conceal the fact that he was holding hands

22          with you? Did that appear to be the reason

23          for it?

24          A     Yes, sir.
