Mr. Ronald W. Cattany, Director

Division of Mined Land Reclamation and Safety
1313 Sherman St., Room 215
Denver, CO 80203

Dear Mr. Cattany:

We are writing to request that our group be notified as to opportunities for public participation in any proposed rule promulgation process for implementation of HB 1161 and other matters related to In Situ Recovery of uranium. We represent the interests of over 2000 landowners in the South Park area who are impacted by the New Horizon Uranium Corp. ISL mining proposal.

We look forward to working with your office on this important matter.

Sincerely,

Doran D. Moore
