Mr. Mark Lerner, Co-Founder
Stop Real ID Coalition
17308 East 37th Terrace, South
Independence, MO 64055

Dear Mr. Lerner:

I want to take this opportunity to thank you and the Stop Real ID Coalition (Coalition) for your part in bringing together the American Civil Liberties Union (ACLU) and the American Center for Law and Justice (ACLJ) on the matter of the Real ID Act 2005. Many state legislators across the country are working to not only insure each of our own individual states do not comply with the Real ID Act 2005, but that the federal government repeals the act, altogether.

The Coalition has been instrumental in bringing the Real ID Act to the forefront. Many, if not most people, including lawmakers at both the state and federal level, do not appreciate the serious consequences the implementation that the Real ID Act would have on both a national and international level.

The state of Oklahoma, as well as other states, have been working to insure public awareness. I appreciate that you and the coalition have been working directly with state legislators across the country. Thank you for also meeting with national organizations rallying their support.

Mark, I know you have evidence of wrongdoing in the biometrics community and that you have provided this evidence to various committees in Washington, D.C. I applaud you for that.

By this letter, I want to personally encourage the public, state lawmakers, the media and those in Washington D. C. to take advantage of the information and insight you and the coalition have on the subject of the Real ID Act of 2005 and look more critically at the serious problems that the Real ID Act of 2005 creates.

Sincerely,

A handwritten signature in cursive script that reads "Charles D. Key".
