VE9BUF	Tri-County ARC	1	VE1PRM-9	Packet. Operator VE9BUF

At 7pm Net Control will announce on VHF & HF who they are, the callsign they are using and announce that the exercise has started.

Net Control is to ask the following to all stations checking in:

1. Callsign of club or agency
2. Name of Club or Agency
3. How many amateurs are taking part.
4. Callsign of the repeater they are using.
5. Notes on modes they are using, callsigns of all amateurs taking part, if they are using emergency backup power and any other information of interest.

When closing the net, Net control will put out a notice to all stations that the exercise is being terminated. Thank all who have taken part during the evening.

After the exercise, have someone scan all the data collections forms and email them to ve1jbl@eastlink.ca

or make up a recap of the exercise with the following information: All callsigns, all repeater callsigns, names of all clubs and agencies total amount of amateurs taking part, total messages passed, formal messages.
