
Allow us to introduce ourselves . . .

Our Story ...

Since 1976, FamilyLife has been changing lives and touching families across the country and around the world. This ministry is very special to us, not only because we have seen hundreds of marriages saved and lives changed through FamilyLife, but also because, in a very personal way, it has changed our lives, too.

Our marriage began after a whirlwind courtship of 2-1/2 months. Although we had strong commitments to God and to each other, we had few

We had few skills to make a marriage work...

skills to make a marriage work. As you might guess, our

first year was miserable. In the fall of that first year, we came across a brochure for the FamilyLife Weekend to Remember. It looked great. But when Mike discovered that the conference conflicted with a marathon he had planned to run, he decided the conference was out.

Cyndi went into the bedroom, got on her knees, and said, "Lord, You know how much we need this conference. But if it's going to happen, You're going to have to get us there. I'm leaving it in Your hands."

Proverbs 16:9 says, "In his heart a man plans his course, but the Lord determines his steps." Well, the Lord

But getting to the conference would take a miracle...

determined Mike's steps quite literally when he tore the ligaments in his

ankle playing racquet ball just ten days before the marathon / Weekend to Remember!

So we ended up at the conference after all, and what a "Weekend to Remember" it was! It taught us the skills we

It turned our marriage around 180 degrees...

needed to make a marriage work, and

turned our relationship around 180 degrees. That was 1989.

We reported to FamilyLife headquarters in Little Rock, Arkansas in January of 1996.

Here at FamilyLife, Mike serves as a field ministries representative. He supervises the promotion of the marriage conferences in several cities each year, working to motivate and equip the volunteer teams in those cities. He also speaks in special sessions at the conferences each year.

Cyndi works mostly from home, writing and providing administrative support.

Our Ministry Partners are like the base of an iceberg, largely unseen, but comprising the foundation of our ministry. We may be the most visible as the tip of the iceberg, but only because of your prayer and financial support can we seek to "glorify God, make Christ known, and be used by Him in a Family Reformation."
