The Resolutions

RESOLUTIONS 2006

Several members attended the local meeting in Botley. There are 2 Resolutions which members will be debating at the May meetings. The votes are taken by our delegate to the NFWI AGM in Cardiff in June, where members hear expert speakers on the two issues and further debate and discussion takes place. If passed the Resolutions become Mandates for the WI organisation to act upon.

-RENEWABLE ENERGY

Urges all levels of government to put in place legislation and policy requiring the use of renewable energy technologies in all new buildings, re-building and renovation.

SPORT FOR A HEALTHY POPULATION

This meeting urges HM Government to:
- Recognise that participation in sport is an essential factor in the creation of a healthy population;
- Ensure the re-establishment of competitive (mainstream) sport in the curricula of all schools, and

for all citizens, particularly in light of the 2012 Olympics being awarded in the city of London. In addition – Get it in your diary now - on the 9th!
