Dear Resident,

**07 April 2017**

### **A2216 Dartmouth Road**

Work on the improvement of Dartmouth Road from A205 to Round hill Road will start on the 02nd May 2017 for 10 months. Kier Highway Services Ltd – London Highways Alliance Contractor are carrying out these works on behalf of London Borough of Lewisham.

#### The improvement work involve

- Repaving footways, improving street lighting locations, new street furniture including landscaping and resurfacing of the road.
- New public realm area outside of Heron House including seating and natural stone planters.
- Re-positioning of existing signal poles and widening the existing Pelican crossing.
- Installation of new entry treatments / speed tables within the side roads.
- Installation of new parking bays.
- Installation of new 20mph Speed limit.
- Installation of additional bus stops.

#### Where and when will the work take place?

This project is being completed in 6 phases:

- **Phase 1 A, B, C, D** will commence on 02/05/17 with the installation of new kerbs, footways, parking bays and granite raised entrance into Thorpewood Avenue. The works will start on the west side from Derby Hill up to Junction with Thorpewood Avenue. Access into Thorpewood Avenue will be via a diversion route that will be signed. Two-way manual traffic control will be implemented, to enable safe and efficient working on Dartmouth Road.
- **Phase 2 A, B, C, D** – will commence on 16/08/17 with the new kerb, footway and parking bay works continue on the east side from Thorpewood Avenue up to Dartmouth Place. Raised Granite entrances into Clyde Terrace and Dartmouth Place. Access into Clyde Terrace and Dartmouth Place will be signed via a diversion route. Two-way manual traffic control will be implemented, to enable safe and efficient working on Dartmouth Road.
- **Phase 3 A, B, C, D** – will commence on 20/07/17 with the new public realm area on the east and west sides of the road. The public realm extents are from Derby Hill to Centaury Yard. You will see installation of new kerbs, granite paving footways, street furniture and landscaping. Two-way manual traffic control will be implemented, to enable safe and efficient working on Dartmouth Road.

- **Phase 4 A** – will commence on 06/11/17 with the new kerb, footway and parking bay works continue on the west side from Century Yard to A205 Junction. Two way Traffic control to be implemented, to enable safe and efficient working.
- **Phase 4B** - Will commence on 09/01/18 with the new kerb, footway and parking bay works will be installed on the east side between Century Yard and A250 Junction. This Phase will run concurrently with the phase below, under a road closure of Dartmouth road.
- **Phase 5** – will commence on 09/01/18 on Dartmouth Road, between A205 and Round hill Rd will have new Granite Sections installed into the carriageway. A road closure of Dartmouth road will be in force to through traffic for 6 weeks to enable the works to take place. The Granite sections will be built in localised road closures, to allow access to shops and facilities via either end of Dartmouth road. A letter and local engagement will be sent out 3 months in advance of works.
- **Phase 6** - will commence on the 07/02/18 on Dartmouth Road, between A205 and Round hill Rd, the carriageway will be resurfaced. Works will be completed over approximately 3 nights and involve a full road closure for the three nights. A letter and local engagement will be sent out 1 month in advance of works.

Working hours will typically be 8:00 to 17:30 Monday to Friday 08:00 to 13:00 on Saturday, which occasionally will be extended to accommodate local businesses and shops. Night works will take place between 19:00 and 05:00, with no noisy operations after 23:00.

#### What we would like you to know

Pedestrian access will be maintained to all shops, businesses and residents. Localised and short term restrictions may be required to complete the works. This will be done with the agreement of affected parties. Access for emergency services will be maintained at all times.

There will be temporary suspension of bus stops in agreement with TfL Buses.

Side roads will be temporarily closed to construct new entry tables and enable works to be safely completed. Advance Warning and Diversion routes will be signed in each case.

Kier Highway Services Ltd will have a supervisor on site at all times during the work who will be available to discuss any issues or concerns and will be located in the site office if you require further assistance from 2<sup>nd</sup> May 2017.

As with all works on London Borough of Lewisham's roads, we must balance possible disruption to residents with disruption to traffic. Working during daytime and night time hours provides us with the best chance to complete these works safely and as quickly as possible while minimising disruption. The necessary use of temporary traffic lights, due to the nature of work, are unavoidable and will lead to disruption, however we will endeavour to keep this to a minimum where it is possible to do so.

We hope you will appreciate that a certain level of disruption is inevitable; London Borough of Lewisham and Kier Highways Ltd apologise in advance for any inconvenience that may be caused during the implementation of the scheme. We hope to have your co-operation in making this a success in achieving the revitalisation of the town centre.

Should you require any further information regarding the construction activities or an update during the delivery of these works, please contact myself on 07920 298634.

Yours faithfully

**Ray Crawford – Site Manager**  
For and on behalf of Kier Highway Services Limited
