Working with Naviance

## About Me

*Do what you are* This tool will reveal your true personality and provide tips to achieve success, in a way that works for you. It takes about 20 minutes. Once you go through the entire survey, I want you to copy the entire report. You will submit that with your written reflection.

You are going to write a reflection on this report. Each bullet point is at least a full paragraph. For many, you may want much more than that.

- Understanding You...reflect on what you learned about yourself. Do you agree or disagree? Make sure you include your own analysis of the evidence given.
- What are your strengths and blindspots?
- Talk about your college satisfiers
- Talk about your career satisfiers
- What is your learning style
- What is your negotiating style?

*Strengths Explorer* Find out what your talents are.

Strengths Explorer, powered by Gallup, will help uncover your talents and reveal your potential strengths to you and the people in your world. From there, you will begin a wonderful journey of discovery, and you'll have the tools you need to make the most of your talents.

- What are your top three themes?
- What are some action items suggested to you?

**Learning Styles** This tool will reveal the ways you learn best and how you can be most productive. Based on accurate answers, your results will help:

- Make studying easier and more effective
- You be more comfortable and effective in class
- Teachers and counselors understand you better

Once you complete the survey, look at the full report. In detail, what are your learning styles? Be sure to describe details about:
