Please join us in celebrating this past years Girl Scout season. We will be presenting higher awards, recognizing our top cookie sellers, 'bridging' girls to their next ranking and celebrating all of the amazing opportunities we had this past year as Girl Scouts.

Leaders, please RSVP to Nicole Good, no later than May 20, to ensure that we have your troop listed in the program. Be sure to mention if your girls will be earning (or presented) with any special awards and we will include that information as well. good.nicole@gmail.com

We will also be including a slideshow of photos during the ceremony, please send 5-10 photos of your troops most memorable moments to Julie Trierweiler. Please include your troop number in the subject line when you submit your photos. julie.trierweiler@netwolves.com

New to Bridging or Girl Scouts? Here's what to expect:

Your troop will be called onto the stage. The leader will announce each girl, pausing long enough for each girl to walk over the bridge to the other leader (or parent helper) on the other side. Usually the receiving leader will have a gift* to give to the girl. Once all of the girls have 'bridged' you will have a moment to take a group photo and then be asked to return to your seats.

*the gift can be a certificate, a flower, their new uniform, candy... Pinterest can be helpful. If you have questions, please don't hesitate to ask.

*The work of today is the history of tomorrow.
..and we are its makers.*
