

Fourth Annual Hindustani Classical Vocal Recital by the Students of Soma Sarkar

Recital is an integral part of ones training in Music.

There are four key reasons why recitals are important.

- 1.** Building confidence with a live performance. **2.** Listening to beginners perform shows their progress from day one.
- 3.** Listening to advanced performers inspires others to become higher level performers. **4.** Helps maintain and carry on with our culture and heritage of Hindustani Classical Music.

We welcome you to join us for an evening of Hindustani Classical vocal music by the students of Soma Sarkar. Your presence and encouragement supports the students in their continuous journey learning Hindustani music. Please visit [Soma's website](#) for more information and about voice lessons.
