BENNY (m) & CHARLOTTE (f)

Inseparable since they were kittens. They are always playing & sleeping together.
BENNY (charcoal tabby on right) is the quiet reserved type except when it's play time or food time.
CHARLOTTE (orange torti-stripe on nose) Once she gets to know you she turns into a lap-cat. She is the talkative one, especially when hungry or wanting attention. She loves nothing more than to sit on your lap & be made a fuss of.
These two will make a lovely addition to your family. Can you offer them a furever home ?
To adopt them, please visit our website & download a Cat Match application form.
